Director's Responsibilities and Approval

The director is required by the Companies Act of South Africa to maintain adequate accounting records and is responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is their responsibility to ensure that the annual financial statements satisfy the financial reporting standards with regards to form and content and present fairly the statement of financial position, results of operations and business of the company, and explain the transactions and financial position of the business of the company at the end of the financial year. The annual financial statements are based upon appropriate accounting policies consistently applied throughout the company and supported by reasonable and prudent judgements and estimates.

The director acknowledges that they are ultimately responsible for the system of internal financial control established by the company and places considerable importance on maintaining a strong control environment. To enable the director to meet these responsibilities, the director sets standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the company and all employees are required to maintain the highest ethical standards in ensuring the company's business is conducted in a manner that in all reasonable circumstances is above reproach.

The focus of risk management in the company is on identifying, assessing, managing and monitoring all known forms of risk across the company. While operating risk cannot be fully eliminated, the company endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The director is of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss. The going-concern basis has been adopted in preparing the financial statements. Based on forecasts and available cash resources the director has no reason to believe that the company will not be a going concern in the foreseeable future. The annual financial statements support the viability of the company.

The annual financial statements set out on pages 8 to 16, and the supplementary information set out on pages 17 to 18 which have been prepared on the going concern basis, were approved by the director and were signed on 10 April 2025.

Duba MP

Notice of Meeting

To the shareholder of Moshoeu Investments (Pty) Ltd

Notice is hereby given that the annual general meeting of the company will be held at Stand 000113, Seshego 9H, Lethuli, Seshegp on 28 February 2025 at 10h00 for the following purposes:

1. Consideration of the annual financial statements.

2. The election of the director.

3. The appointment of auditors.

4. The sanctioning of dividends.

5. Approval of the director's remuneration.

6. To grant the director the power to issue and allot any unissued shares of the company at their discretion.

7. To discuss any other matter that may be brought up at the annual general meeting.

Any member who is not able to attend the meeting may appoint a proxy on the form of proxy approved by the company which should be lodged with the secretaries of the company at least forty-eight hours before the meeting. The proxy need not also be a member.

By order of the board

for
Secretaries
10 April 2025

Director's Report

The director presents their report for the year ended 28 February 2025.

1. Review of activities

Main business and operations
The company Rental company.. There were no major changes herein during the year.

The operating results and statement of financial position of the company are fully set out in the attached financial statements and do not in my opinion require any further comment.

2. Going concern

The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

3. Events after reporting date

The director is not aware of any matter or circumstance arising since the end of the financial year to the date of this report that could have a material effect on the financial position of the company.

4. Director's interest in contracts

To my knowledge I had no interest in any contracts entered into during the year under review.

5. Authorised and issued share capital

No changes were approved or made to the authorised or issued share capital of the company during the year under review.

6. Borrowing limitations

In terms of the Memorandum of Incorporation of the company, the director may exercise all the powers of the company to borrow money, as they consider appropriate.

7. Dividend

No dividend was declared or paid to the shareholder during the year.

8. Director

The director of the company during the year and up to the date of this report is as follows:
Duba MP

9. Shareholder

There have been no changes in ownership during the current financial year.

Director's Report

The shareholder and their interest at the end of the year is:

	Holding
Duba MP	100.00%

10. Compiler

Nel Accountants Incorporated compiled the annual financial statements for the year under review.

NEL ACCOUNTANTS INCORPORATED

Report of the Compiler

To the Director of Moshoeu Investments (Pty) Ltd

I have compiled the accompanying financial statements of Moshoeu Investments (Pty) Ltd based on information you have provided. These financial statements comprise the statement of financial position as at 28 February 2025, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

I performed this compilation engagement in accordance with International Standard on Related Services 4410 (Revised), Compilation Engagements.

I have applied my expertise in accounting and financial reporting to assist you in the preparation and presentation of these financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Companies Act of South Africa. I have complied with relevant ethical requirements, including principles of integrity, objectivity, professional competence and due care.

These financial statements and the accuracy and completeness of the information used to compile them are your responsibility.

Since a compilation engagement is not an assurance engagement, I am not required to verify the accuracy or completeness of the information you provided to me to compile these financial statements. Accordingly, I do not express an audit opinion or a review conclusion on whether these financial statements are prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities.

Accounting Policies

1. General information

Moshoeu Investments (Pty) Ltd ('the company') Rental company..

The company is incorporated as a Private Company and domiciled in South Africa. The address of its registered office is Stand 000113, Seshego 9H, Lethuli, Seshegp, 0741.

2. Basis of preparation and summary of significant accounting policies

The financial statements of Moshoeu Investments (Pty) Ltd have been prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the Companies Act of South Africa. The financial statements have been prepared under the historical cost convention, as modified by the revaluation of investment property, certain property, plant and equipment, biological assets and derivative financial instruments at fair value. They are presented in South African Rand.

The preparation of financial statements in conformity with the International Financial Reporting Standard for Small and Medium-sized Entities requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

The principal accounting policies applied in the preparation of these annual financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Financial instruments

Loan to (from) shareholder

The loan to shareholder is classified as a debt instrument, and is initially measured at transaction price including transaction costs and subsequently measured at amortised cost using the effective interest method.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown in current liabilities on the statement of financial position.

Issued capital

Ordinary shares are classified as equity.

Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

2.2 Tax

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the entity operates and generates taxable income.

Accounting Policies

Basis of preparation and summary of significant accounting policies continued...

2.3 Revenue

Revenue is measured at the fair value of the consideration received or receivable. Revenue is shown net of value-added tax, returns, rebates and discounts.

Revenue from the sale of goods is recognised when:
- significant risks and rewards of ownership of the goods have been transferred to the buyer;
- the entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably; and
- it is probable that the economic benefits associated with the transaction will flow to the entity; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction is recognised by reference to the stage of completion of the transaction at the end of the reporting period. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied:
- the amount of revenue can be measured reliably; and
- it is probable that the economic benefits associated with the transaction will flow to the entity; and
- the stage of completion of the transaction at the end of the reporting period can be measured reliably; and
- the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

When the outcome of transactions involving the rendering of services cannot be estimated reliably, revenue is recognised only to the extent of the expenses recognised that are recoverable.

The stage of completion of a transaction may be determined by a variety of methods, depending on the nature of the transaction:
- surveys of work performed;
- services performed to date as a percentage of total services to be performed;
- the proportion that costs incurred to date bear to the estimated total costs of the transaction. Only costs that reflect services performed to date are included in costs incurred to date. Only costs that reflect services performed or to be performed are included in the estimated total costs of the transaction.

Interest income is recognised using the effective interest method.

Rental income from investment property that is leased to a third party under an operating lease is recognised in the statement of comprehensive income on a straight-line basis over the lease term and is included in 'other income'.

Dividend income is recognised when the company's right to receive payment has been established and is shown as 'finance income'.

Royalties are recognised on an accrual basis in accordance with the substance of the relevant agreement.

2.4 Employee benefits

Short-term employee benefits

Compensation paid to employees for the rendering of services are recognised at the undiscounted amount paid or expected to be paid in the accounting period in which the services were rendered.

Accounting Policies

Basis of preparation and summary of significant accounting policies continued...

Where employees accumulate entitlement for paid absences, an expense is recognised as the additional amount that the entity expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. In the case of non-accumulating paid absences, the expense is recognised only when the absences occur.

The expected cost of profit-sharing and bonus payments are recognised when there is a present legal or constructive obligation to make such payments as a result of past events, and a reliable estimate of the obligation can be made. A present obligation exists when there is no realistic alternative but to make the payments.

2.5 Borrowing costs

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

3. Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Notes to the Financial Statements

Figures in R	2025	2024

4. Current tax liabilities

Current tax liabilities comprise the following balances

Net current tax liability from all items being set off	(236,503)	(164,934)
Total current tax liability per the statement of financial position	**(236,503)**	**(164,934)**

5. Loan to shareholder

Loan to shareholder comprises the following balances

Loans to owner	876,263	590,600

6. Cash and cash equivalents

6.1 Cash and cash equivalents included in current assets:

Cash		
Balances with banks	674	21,265

7. Issued capital

Authorised and issued share capital

Authorised		
1000 Ordinary shares of R1 each	1,000	1,000
Issued		
1000 Ordinary shares of R1 each	1,000	1,000

8. Finance costs

Finance costs included in profit or loss:

Bank overdraft	15	-

Notes to the Financial Statements

Figures in R	2025	2024

9. Income tax expense

Income tax recognised in profit or loss:

Current tax		
Current year	71,570	164,934
Deferred tax		
Total income tax expense	**71,570**	**164,934**

10. Going concern

The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.
